7.e. Bibliography

A complete bibliography on the history of the Acadians and the New England Planters would be too long for inclusion in this document, thus those sections of the bibliography include only those books, articles or studies that were most helpful in preparing this submission. The bibliography also includes references on Grand Pré as a *lieu de mémoire*, Grand Pré as a Rural Historic District, Grand Pré as a source of literary inspiration, information used to provide historical context and inform the comparative analysis, dyking information, information on *lieux de mémoire*, and site management and conservation. Sources used to create the maps in the nomination proposal can be found at the end of the bibliography.
